

*Ham Radio Assistance is needed for the  
American Diabetes Association's*  
**Chicagoland Tour de Cure**  
*Bicycle Ride*

**Sunday, June 7<sup>th</sup>**

The **Chicagoland Tour de Cure** is the American Diabetes Association's signature cycling event for riders of all age levels and abilities. Start/Finish is at RiverEdge Park in Aurora, and four courses ranging from 10 to 100 miles will travel through portions of Kane, Kendall and DuPage Counties.

Each year, our Ham Radio Team has supported this very worthwhile charity event by providing communications between our Command Center and our personnel in the field. Public Service events, such as Tour de Cure, are fun, rewarding, and educational; we work together to pass traffic which helps coordinate this worthwhile event. In addition, we practice some of the techniques and skills that we might one day use in the event of an emergency.

For further information or to have the registration link sent to you; please reach out to us:
